California Native Plant Society - Santa Clara Valley Chapter
and Foothill College Horticulture Department Present:

Native Horticultural Symposium 2014

September 20, 2014, at Foothill College

Saving Water, Creating Beauty with California Native Plants

As the continuing drought shrinks our water supply, people are searching for ways to conserve water. Landscaping with California native plants is a proven technique for creating low-water use landscapes. Learn how at the Native Horticultural Symposium “Saving Water, Creating Beauty with CA Native Plants” on September 20, 2014 at Foothill College, 12345 El Monte Road in Los Altos Hills. The presenters will be:

- Barbara Eisenstein, horticulturalist, writer and speaker, “Armchair Garden Tour”
- Robert Kourik, irrigation designer, “Drip Irrigation for Efficient Watering and Better Plant Health”
- John Greenlee, grass expert, nurseryman and designer, “Meadows by Design”
- Theresa Lyngso, Lyngso Garden Materials, Master Gardener and Composter, “The Role of Soil in Surviving a Drought”
- John Whittlesey, horticulturalist and author, “A Plant Lover’s Guide to Native Sages”
- Ken Foster, certified permaculture designer and landscaper, “Permaculture Techniques for Drought Conditions”

The symposium runs from 9 am to 5 pm on September 20, with on-site registration open at 8 am. Early registration up to September 10 is $90 per person for the general public, $80 per person for CNPS members and $55 per person for students. After September 10, registration is $100 per person for the general public and $90 per person for CNPS members. Continental breakfast and lunch are included with registration. For free parking and easy access to the symposium, including wheelchair accessibility, park in Foothill lots 7 or 8.
